Your Local Kiefer Dealer

A2P Deluxe II: 7'x6'6"x16'. Options may be shown.

Features:

Aluminum Interlocking Flooring with integrated cross member every 4 1/2 Inches:
Simply the Strongest Floor available

Double headers over every interior Gate:
More Center Gate support and longer Gate life.

4"x4" Square Tube Superstructure:
Strong Rear Door Frame with Large Cast Corners that disperse Stress away from Corners.

Side Uprights Extending Past the Floor:
Trailer is not reliant on welds only at Floor Joint for Wall Strength.

Quick Slam Latches:
Quick close feature allows quick closure of Doors and Gates and alleviates the worry of Livestock getting past the gates.
